MEMORANDUM:

Mr. Hunse,

Application for patent,
For the North West ¼ of 2-17-10, West 4th M.
Pre-emption of the late Elmer E. Bailey.

The deceased obtained entry for the homestead and pre-emption in June, 1909. He died on 16th of June, 1909, and patent for the homestead was issued to the Trusts and Guarantee Company, Limited, administrator of the estate on the 23rd of January, 1914.

On the 25th of January, 1917, Herbert M. Johnson, for the Trusts and Guarantee Company, made application for patent for the pre-emption but as the applications for homestead and pre-emption showed only fifty-five acres of breaking and the cultivation done in five years only, the Trusts and Guarantee Company was requested to furnish the Department with evidence that they have complied with the requirements.

On the 25th of April, 1919, Charles Robert McDonald for the Trusts and Guarantee Company made a Supplementary Statement showing the necessary cultivation duties completed. The Trusts and Guarantee Company made formal application for patent on Form 277.

Payment completed on the 11th of July, 1917.

There are no cancellation proceedings or complaints on file.

Sir,

I beg to acknowledge the receipt of your letter of the 24th ultimo, asking for an extension of time within which to commence the settlement duties in connection with your homestead and preemption entries, covering the North ½ of Section 8, Township 22, Range 11, West of the Fourth Meridian, and in reply to say that protection will not be granted by the Department <u>before perfection of entry</u> for a homestead with preemption, except in case of serious accident, illness or calamity to the entrant, or to the wife or child of an entrant, or attested to the satisfaction of the Commissioner of Dominion Lands.

This requirement is more stringent than in the case of an ordinary homestead entry, and does not apply to arrangements made by the settler for his profit or convenience.

Under these circumstances, it is regretted that your request cannot be granted, and it will, therefore, be necessary for you to comply with the conditions attached to the entries in question.

Dear Sir:

re: Emil Ferguson - Carnoside
T. 8-20-12-W. 4th
Seed Grain and Relief Indebtedness
Municipal District of Flowerdale #144,
Berry Creek Area.

In the year 1928 this party obtained advances from the above district for seed grain and relief in a total sum of $[illegible].50, against which no repayments have been made and the balance now outstanding is as follows:

| | | |
|---|---|---|
| Seed Grain Principal | 50.50 | |
| Interest to December 31st, 1934 | 44.31 | $94.71 |
| Joint Relief Principal | $187.30 | |
| Interest to December 31, 1934 | 166.10 | 353.40 $448.11 |

As security for these advances liens were registered against the above described property which land, however, was abandoned by the debtor some years ago and title has passed to the district under Tax Recovery Proceedings.

As will be seen this land is situated in a drought stricken portion of the Province which has come under special administration. The area having been declared unsuitable for agricultural settlement lands passing to the Dominion authorities or reverting to the Crown will not be open for entry or sale but will come under the control of the Berry Creek Area Board, and will be leased, in the main, for grazing purposes.

There is, therefore, no good purpose to be served by the retention of these liens and as the debtor's whereabouts are unknown, I would recommend that the liens be removed from title to this land, and that the balance of this account, as above set forth, be written off insofar as it affects the indebtedness of Emil Ferguson to the Municipal District of Flowerdale #144, and the indebtedness of that district to the Provincial Government.

Yours very truly,

| | | |
|---|---|---|
| Seed Grain Principal | | 150.20 |
| Interest to December 31st, 1934 | | 44.51 $194.71 |
| Joint Relief Principal | | 187.30 |

As security for these advances liens were registered against the above described property which land, however, was abandoned by the debtor some years ago and title has passed to the district under tax forfeiture proceedings.

As will be seen this land is situated in a drought stricken portion of the Province which has come under special administration having been declared unsuitable for agricultural settlement lands passing to the taxing authorities on reverting to the Crown will not be open for entry or sale but will come under the control of the Berry Creek Area Board, and will be leased, in the main, for grazing purposes.

There is, therefore, no good purpose to be served by the retention of these liens and as the debtor's whereabouts are unknown, I would recommend that the liens be removed from title to this land, and that the balance of this account, as above set forth, be written off both insofar as it affects the indebtedness of Emil Tergrimson to the Municipal District of Flowerdale #44, and the indebtedness of that district to the Provincial Government.

Mr. S.M. Medlen,
Dominion Member,
Seed Grain Advisory Board.

Re: Account of Emil Torgrimson,
NW ¼ & NE ¼ 18-26-14-W.4th.

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain, fodder and relief amounting to $203.50 were advanced to Emil Torgrimson on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

| Principal | Interest | Total |
|---|---|---|
| $ 203.54 | $ 386.63 | $ 590.17 |

Patent was issued in the name of Emil Torgrimson for the N.W. 5-[illegible]-14-W.4th on the 11th of April, 1916, subject to the 1915 liens. The debtor later acquired title to the N.E. 18-26-14-W.4th which also became subject to the liens.

In reply to our questionnaire of the 24th of September, 1953, The Director of Assessments, Department of Municipal Affairs, Province of Alberta, wrote as follows:-

"Title to this land is presently vested in this Department having been acquired through Tax Recovery proceedings. This land is occupied at present under lease as issued by this Department, and in view of it being situated in that part of the Province designated "Special Areas" there is little likelihood of any sale being made of same."

The information obtained indicates that the land is such that it is unlikely to be disposed of by sale in the near future and no longer offers any security of value for our liens. Under the circumstances it is recommended that the indebtedness be cancelled and the liens discharged.

B.C.No. 3872.

January 8th, 1931.

...E. ¼, 22-28-9-W. 4th Mer.,
John Cameron, deceased.

The Seed Grain and Relief Adjustment Board, appointed under Order P. C. 2200, hereby recommends that any liens charged against the E. ½, 22-28-9-W. 4th Mer., for advances made to the late John Cameron, be discharged.

The Board submits the report of the Director, Debt Adjustment Act, dated November 25th, 1930, which report gives full details of all liens registered against the said land, and states in support of the recommendation:-

1. That it has been reported to the Board that at the time the advances were made the debtor was renting land and that the description of the land on which the advance was made was erroneous.

2. That the registered owner of the E. ½, 22-28-9-W. 4th Mer., made representations to the effect that the liens should not be charged against this land, and as a result of such representations the liens were removed and it is desirable that this action be confirmed.

3. That the debtor left the Province some years ago and is reported to have died, and there is no likelihood of collection from his estate, under the personal covenant of the late debtor.

The Board recommends that the total amount payable upon said liens be unconditionally discharged, and written off as uncollectible.

Sir:-

Re: S.E. ¼ of 1[illegible]-1[illegible]-20 W.4th Mer.

I beg to acknowledge receipt of your application for patent for your pre-emption, above described, and to advise you that in your application for homestead patent, you show the following cultivation:

| | | | |
|---|---|---|---|
| 1911 | Broke | 11 acres, cropped | -- |
| 1912 | " | " " | 11 |
| 1913 | " | " " | 21 |

while in your application for pre-emption patent, you show the following:

| 1915 | " | " " | 110 |

as you will notice this only shows a total of [illegible] acres in crop broken, whereas you claimed to have had 115 acres in crop in 1918 and 1919. It will be necessary, therefore, for you to execute a Statutory Declaration on the enclosed form setting forth in what year or years the additional area of 49 acres was broken.

As your residence duties have been performed upon [illegible] pre-emption homestead, the North East quarter of Section 10, Township 19, Range 1, West of the [illegible] Meridian, it will be necessary for you to furnish me with proof of ownership of this land. [illegible]

Sir in regards to my pre-emption [illegible]
pre-emption. I don't see why I cannot get my patent and home-
stead on the same stead and done my duties for the land
to [illegible] and tried my very best to make good, but so
you know I have only [illegible] at once.

And I had a 3 wire fence around my pre-emption
and pastured all the way from 20 to 30 head of stock every
year and it has only been used for about 3 months out
of the year and the rest of the time the children
and I had to work after the stock and ride and [illegible]
[illegible] to make living for them.

So I now consider that I have put in hard
ships enough to prove up satisfactorily with very
little expense. I once wrote to the Dept. of the Interior
at Washington D.C. I don't think it is a fair deal after
taking the witnesses to Medicine Hat for appeal and
paying their expenses and doing all my duties and
then get a refusal. And if I did not want
the pre-emption I would not do it, that expense
of moving up in such hard times.

And I have my cut rocks on about 60 acres of the
pre-emption ready to be plowed. And I have this year
40 acres of summer fallow on my home stead to be seeded
this year.

And for me to go down I don't see how

45737

could build a house. I am not able to do it as I have not had money to live on all winter to have a house building and breaking as it will cost me in the neighborhood of $600. besides furnish seed for my homestead.

And my family want to listen to me back and put in another 6 months of hardship as my wife says we have put in hardships enough.

And myself have not got the wealth to spend 6 months or six months. as I consider we have stayed there six years to many.

And for me to make a statutory declaration of proof my intention to commute entitles me to get the money to do it at the present time. or to transfer the homestead back in my name. so I cant see what difference it makes whose name it is in as long as it belongs to the family as we intend to live together as we did all along.

Now if you cant believe me send the homestead inspector out there to look over the cultivation of my homestead and I know that he will find out that I have done all that has been required of me on the homestead.

So please let me know what I am expected to do and I will do it right away without any more fooling

I remain

Yours truly
